

Dear Mr. Sebastien Beal

Please see below for the internship subject.

**Title** - Home robotics care system for elderly people

**Missions** - Studies, surveys and first implementations on: Usage of the sensors of a robot in addition to wearable sensors in order to make a solution for monitoring activities of elderly people at home. The intern will use robotics middleware, sensor network technology (more specifically camera and computer visions) and statistic/probability models in order to achieve his goal.

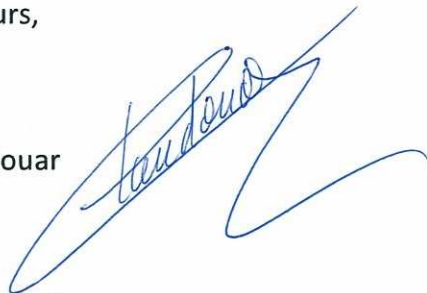

We look forward to working with you.

Sincerely yours,

Jerome Laudouar
