

Online MRI Reconstruction

Pierre-Antoine Comby, Philippe Ciuciu, Émilie Chouzenoux

Master's degree Internship - CEA Neurospin, Inria

August 31, 2021

Outline

MRI principle

Online reconstruction

Online reconstruction methods

Theoretical convergence results

Experiments

first results

parallel imaging

Non cartesian

Conclusion and future Work

Magnetic Resonance Imaging

Inverse problem setup

From Offline to Online

Timing considerations

Online reconstruction framework

Online type I: accumulation

Online type II: iteration

Input data

Methods and metrics
